TREGO COUNTY CO-OP. ASSOCIATION MEETING

The stockholders and board of directors of the Trego County Co-Op. Association held a called meeting at the court house last Saturday afternoon which revealed some interesting information to the holders of the stock of the association. The books of the company showed the net gain in capital for the year was \$5,500 from the store and a dividend in stock of twelve and one-half per cent was made. This is in addition to the usual cash dividend which is required by law. It was also decided that a big farmers picnic should be held on the court house lawn in the near future. The excellent showing being made by the associations store and elevator is making a large number of enthusiastic stockholders and supporters and the probability is that as soon as conditions settle down to normal that the farmers will erect a new store building in this city, but at present the building is not seriously contemplated.

COLORADO SOCIABILITY TOUR COMING

Twenty-eight business and professional men of Colorado Springs and Manitou, Colorado, are making a sociability tour through Kansas and a part of Oklahoma and Missouri. They are traveling in seven cars and left Colorado Springs May 8th. The stop at WaKeeney is scheduled for 11:45, May 18 on their return trip and the company is to take luncheon here and they expect to pay the bill. The suggestion is made by some of our business men that the sociability fellowship be extended and that WaKeeney business men foot the bill for the lunch. The Colorado men will be given a hearty welcome and be shown a good time while in our city. The date is May 18 and the allotted time for WaKeeney is one hour and fifteen minutes.

GRADUATION WATCHES

Nothing makes as nice a present as a gold watch for a graduation gift, and no one thing comes so near to answering all requirements as a good watch, which is a constant companion and reminder of home and loved ones.

I have a nice assortment of gold and silver watches for both, men and women, and wrist watches, that are absolutely dependable, and that would be pride producers in the pocket of the most particular man in this county. Come in and look them over.

The Farmers elevator is now selling the Titan tractor. It burns kerosene exclusively which will be a great saving considering the price of gasoline. A sample engine can be seen at the elevator.

An unusual sight was seen going east on Russell avenue Thursday afternoon. It was a large Kentucky jack in an old wagon being drawn behind a Ford car. The jack was making no protest and seemed to be enjoying the ride.

The junior class of Trego County High School entertained the senior class at the high school building last Friday night. This was the annual event and was greatly enjoyed by the young people. The room and tables were decorated with the class colors.

Mr. and Mrs. Lewis Honomichl, of Wilson, have been here during the last week visiting at the home of their daughter, Mrs. James Benisch in Willcox township. Mrs. Honomichl returned to her home Wednesday but Mr. Honomichl remained here to look after business matters.

It is likely that the produce—butter, eggs and cream—marketed in Wa-Keeney on May 4, 5 and 7 amounted to over \$2,000. On these three days the Farmers Union store bought \$582 worth of butter and eggs, mostly eggs. Allowing this to have been but one-fourth of all three products the total amount would have amounted to over the \$2,000.
